WHEREAS, the State of South Carolina has taken, and continues to take, all necessary and appropriate actions in proactively preparing for and promptly responding to the threat posed by the 2019 Novel Coronavirus (“COVID-2019”), to include convening and conferring with the Public Health Emergency Plan Committee and activating the South Carolina Emergency Operations Plan; and

WHEREAS, as required by or otherwise in accordance with North Carolina law, the Governor of North Carolina issued Executive Order No. 116 on March 10, 2020, declaring that an emergency exists in the State of North Carolina and, *inter alia*, temporarily waiving or suspending certain motor vehicle regulations for vehicles and operators of vehicles “transporting medical supplies and other equipment in support of the [North Carolina Emergency Operations Plan] or other efforts to address the public health threat posed by COVID-19”; and

WHEREAS, the Federal Motor Carrier Safety Regulations limit, *inter alia*, the hours of service for operators of commercial vehicles, 49 C.F.R. §§ 390 *et seq.*, and federal law prescribes certain weight limitations for vehicles on interstate highways, 23 U.S.C. § 127; and

WHEREAS, pursuant to 49 C.F.R. § 390.23, the governor of a state may suspend certain federal rules and regulations for commercial vehicles responding to an emergency if the governor determines that an emergency condition exists; and

WHEREAS, section 56-5-70(B) of the South Carolina Code of Laws, as amended, provides that “[w]hen an emergency is declared which triggers relief from regulations pursuant to 49 C.F.R. [§] 390.23 in North Carolina or Georgia, an emergency, as referenced in the regional emergency provision of 49 C.F.R. [§] 390.23(a)(1)(A), must be declared in this State by the Governor.”

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and of these United States

and the powers conferred upon me therein, I hereby suspend certain rules and regulations, as set forth below, for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70(B) of the South Carolina Code of Laws. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

Section 1. The South Carolina Department of Transportation and the South Carolina Department of Public Safety, including the State Transport Police, as needed, shall waive or suspend application and enforcement of the requisite state and federal rules and regulations pertaining to registration, permitting, length, width, weight, load, and hours of service for commercial vehicles and operators of commercial vehicles responding to the declared emergency in the State of North Carolina or otherwise providing direct assistance to supplement state and local efforts and capabilities to protect public health and safety in connection with COVID-19, pursuant to 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws.

This Order shall not be construed to require or allow an ill or fatigued driver to operate a commercial motor vehicle. In accordance with 49 C.F.R. § 390.23, “a driver who informs the motor carrier that he or she needs immediate rest must be permitted at least ten (10) consecutive hours off duty before the driver is required to return to such terminal or location.” Likewise, this Order shall not be construed as an exemption from the applicable controlled substances and alcohol use and testing requirements in 49 C.F.R. § 382, the commercial driver’s license requirements in 49 C.F.R. § 383, or the financial responsibility requirements in 49 C.F.R. § 387, and it shall not be interpreted to relieve compliance with any other state or federal statute, rule, order, regulation, restriction, or other legal requirement not specifically waived, suspended, or addressed herein.

Section 2. Notwithstanding the waiver or suspension of certain rules and regulations as set forth above, drivers in South Carolina are still subject to the following state requirements to ensure public safety:
